

## **PETSERI PALAMINE**

1939. aasta maikuus tegi hiiglaslik tulekahju Petseri linnas palju kurja. See kestis vaid neli tundi, kuid tuulise päeva tõttu põles terve kolmandik linnast maatasa. Neli inimest hukkus ja poolteist tuhat kaotas kodu.

The old town of Petseri suffered a devastating fire in May 1939. The fire only lasted for four hours, but due to a windy day, a third of Setomaa's capital burned to ashes. Nine people were killed and 1500 left homeless.
